CASD Jazz Band Visits CCCS

The CASD Jazz Band shared their talent with the CCCS student body on April 27th. Our CCCS Jazz Band had the opportunity to play a number with the CASD band. It was wonderful to see former CCCS students in the CASD band. Thank you Mr. Morrow for coordinating a musical afternoon.

**Ag Van Visit
April 16th-20th**

During the week of April 16th, the Mobile Ag Van from the Pennsylvania Farm Bureau visited Corpus Christi School. Kindergarten through fifth grade students were able to have two lessons while the middle school students had three. Kindergarten made farm charms and learned about the tops and bottoms of plants. First grade and second grade enjoyed popcorn capers and found out why stems are important for plants. Third, fourth, and fifth grade had fun with fungi and learned about the nutrition in fruit juices. Middle school got to try integrated pest management to control insects on a farm, learned about vitamin C in fruit beverages, and became food scientists working with chocolate. The students and teachers enjoyed the agricultural lessons and are very excited for the Ag Van to return next year.

Spring Math Club

During March, April, and May, there were 16 kindergarten, first grade, and second grade students participating in Math Club. The students were able to learn about math concepts such as area and perimeter, fractions, measurement, patterns, and skip counting while enjoying fun activities. We made color wheels, tried to find pirate treasure, built paper airplanes and ninja stars, and constructed very large lego figures with post-it notes. Math club will return

*Devote yourselves to prayer, be watchful and thankful
-Colossians 4:2*

Volunteers ...

We would love to see more parents and grandparents helping out here at school. There are many ways for you to get involved. Now is a great time with summer break approaching to work on obtaining your clearances. We are always in need of volunteers to help with recess and also to accompany students on field trips! Please call the school office for details @ 263-5036.

Our third grade had the opportunity to become Super Health Heroes by participating in a program sponsored by Summit Health that focused on the social and emotional aspects of health. Later this month they will be visiting Zoo America to learn about animals and their habitats.

STEAM Adventures Club

There were eighteen kindergarten, first grade and second grade students participating in the March, April, and May STEAM Club. In March, we decorated paper Easter eggs by having salt absorb water colors. For April, we learned about pollination and made our own pollinators. Upcoming in May, we will be learning about symmetry and trying to paint

First Holy Communion

Congratulations to our second grade students on the sacrament of First Holy Communion on April 28, 2018. The students spent much time in preparation and prayer. Please pray for these students as they continue on their journey of faith formation.

Blessings to our 8th grade students who were sealed with the Gifts of the Holy Spirit through the sacrament of Confirmation on May 3rd.
