

EXTRA, EXTRA!
READ ALL ABOUT IT!
(and do Math too! 😊)

Happy Summer upcoming 4th graders!

We hope you have a relaxing summer! In addition to relaxing, we at Corpus Christi ask you to do some reading and math along the way. We are asking that each student complete the summer reading and math enrichment. This will definitely help make the transition to 4th grade easier! For the reading log, you can earn a half day of games for reading all 8 books (or 480 total pages total).

In addition, in Math, if you review your facts 3-4 times each week, you can dress down on Game Day. We have included *Ways to Engage in Math*. Feel free to use these activities as part of your enrichment.

Please return all forms by August 31st. We are looking forward to seeing what you accomplish this summer.

Peace and all good things,
Mrs. Portmann

 Summer Reading Log 

GRADE 4

 8 books over 60 pages each OR 480 pages total

Summer Math Enrichment

Grade 4

One of the areas that will greatly help your child in 4th grade is being very fluent in addition, subtraction, multiplication and division. The students will be expected to know these basic operations by heart within the first few weeks.

During the summer, please have your child do *at least* 15 minutes of math facts 3-4 times a week. There are many ways to use math every day!

Suggested ideas:

1. Big Brainz (good until end of June)
2. Verbally quizzing your child
3. Flash Cards
4. Other websites that have fact games such as:

Number munchers

https://archive.org/details/msdos_Number_Munchers_1990

Math Playground

https://www.mathplayground.com/ASB_In

Fact Monster

<https://www.factmonster.com/math/flashcards>

Please use the attached log sheet and return it by **August 31**.
